DATE \_\_\_\_\_

DENTAL TREATMENT CONSENT FORM

Patient's Name:\_\_\_\_\_ Please read and initial the items checked below and read and sign at the bottom of form.

[ ] **1. X-RAYS** (Initials\_\_\_\_\_)

#### [ ]2. DRUGS AND MEDICATIONS

I understand that antibiotics and analgesics and other medications can cause allergic reactions causing redness and swelling of tissues, pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction). (Initials\_\_\_\_\_)

#### [] 3. CHANGES IN TREATMENT PLAN

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination, the most common being root canal therapy following routine restorative procedures. I give my permission to the Dentist to make any/all changes and additions as necessary. (Initials\_\_\_\_\_)

#### [] 4. REMOVAL OF TEETH

Alternatives to removal have been explained to me (root canal therapy, crowns, and periodontal surgery, etc.) and I authorize the Dentist to remove the following teeth and any others necessary for reasons in paragraph #3. I understand removing teeth does not always remove all the infection, if present, and it may be necessary to have further treatment. I understand the risks involved in having teeth removed, some of which are pain, swelling, spread of infection, dry socket, loss of feeling in my teeth, lips, tongue and surrounding tissue (Paresthesia) that can last for an indefinite period of time (days or months) or fractured jaw. I understand I may need further treatment by a specialist or even hospitalization if complications arise during or following treatment, the cost of which is my responsibility. (Initials\_\_\_\_\_)

#### []5. CROWNS, BRIDGES AND CAPS

I understand that sometimes it is not possible to match the color of natural teeth exactly with artificial teeth. I further understand that I may be wearing temporary crowns, which may come off easily and that I must be careful to ensure that they are kept on until the permanent crowns are delivered. I realize the final opportunity to make changes in my new crown, bridge, or cap (including shape, fit, size and color) will be before cementation. (Initials\_\_\_\_\_)

#### []6. DENTURES, COMPLETE OR PARTIAL

I realize that full or partial dentures are artificial, constructed of plastic, metal, and/or porcelain. The problems of wearing these appliances have been explained to me, including looseness, soreness, and possible breakage. I realize the final opportunity to make changes in my new dentures (including shape, fit, size, placement, and color) will be the "teeth in wax" try-in visit. I understand that most dentures require relining approximately three to twelve months after initial placement. The cost for this procedure is not included in the initial denture fee. (Initials\_\_\_\_\_)

#### [] 7. ENDODONTIC TREATMENT

I realize there is no guarantee that root canal treatment will save my tooth, and that complications can occur from the treatment, and that occasionally metal objects are cemented in the tooth or extend through the root, which does not necessarily affect the Success of the treatment, I understand that occasionally additional surgical procedures may be necessary following root canal treatment (apicoectomy). (Initials\_\_\_\_\_)

#### [] 8. FILLINGS (Restorative/Composites)

I understand that care must be exercised in chewing on fillings especially during the first 24 hours to avoid breakage. I understand that a more expensive filling than initially diagnosed may be required due to additional decay. I understand that significant sensitivity is a common after effect of a newly placed filing. (Initials\_\_\_\_\_)

#### [] 9. DENTURES

I understand the wearing of dentures is difficult. Sore spots altered speech and difficulty in eating are common problems. Immediate dentures (placement of dentures immediately after extractions) may be painful. Immediate dentures may require considerable adjusting and several relines. A permanent reline will be needed later. This is not included in the denture fee. I understand that it is my responsibility to return for delivery of the dentures. I understand that failure to keep my delivery appointment may result in poorly fixing dentures. If a remake is required due to my delays of more than 30 days there will be additional charges. (Initials\_\_\_\_\_)

I understand that dentistry is not an exact science and that results cannot be fully guaranteed. I acknowledge that no guarantee or assurance has been made by anyone regarding the dental treatment which I have requested and authorized. I have had the opportunity to read this form and ask questions. My questions have been answered to my satisfaction. I consent to the proposed treatment.

If a use or disclosure of protected health information described above in this notice is prohibited or materially limited by other laws that apply to use, we intend to meet the requirements of the more stringent law.

## VII. Your Rights with Respect to Your Health Information

You have the following rights with respect to certain health information that we have about you (information in a Designated Record Set as defined by HIPAA). To exercise any of these rights, you must submit a written request to our Privacy Official listed on the first page of this Notice.

#### A. Right to Access and Review

You may request to access and review a copy of your health information. We may deny your request under certain circumstances. You will receive written notice of a denial and can appeal it. We will provide a copy of your health information in a format you request if it is readily producible. If not readily producible, we will provide it in a hard copy format or other format that is mutually agreeable. If your health information is included in an Electronic Health Record, you have the right to obtain a copy of it in an electronic format and to direct us to send it to the person or entity you designate in an electronic format. We may charge a reasonable fee to cover our cost to provide you with copies of your health information.

## B. Right to Amend

If you believe that your health information is incorrect or incomplete, you may request that we amend it. We may deny your request under certain circumstances. You will receive written notice of a denial and can file a statement of disagreement that will be included with your health information that you believe is incorrect or incomplete.

## C. Right to Restrict Use and Disclosure

You may request that we restrict uses of your health information to carry out treatment, payment, or health care operations or to your family member or friend involved in your care or the payment for your care. We may not (and are not required to) agree to your requested restrictions, with one exception: If you pay out of your pocket in full for a service you receive from us and you request that we not submit the claim for this service to your health insurer or health plan for reimbursement, we must honor that request.

## D. Right to Confidential Communications, Alternative Means and Locations

You may request to receive communications of health information by alternative means or at an alternative location. We will accommodate a request if it is reasonable and you indicate that communication by regular means could endanger you. When you submit a written request to the Privacy Official listed on the first page of this Notice, you need to provide an alternative method of contact or alternative address and indicate how payment for services will be handled.

### E. Right to an Accounting of Disclosures

You have a right to receive an accounting of disclosures of your health information for the six (6) years prior to the date that the accounting is requested except for disclosures to carry out treatment, payment, health care operations (and certain other exceptions as provided by HIPAA). The first accounting we provide in any 12-month period will be without charge to you. We may charge a reasonable fee to cover the cost for each subsequent request for an accounting within the same 12-month period. We will notify you in advance of this fee and you may choose to modify or withdraw your request at that time.

## F. Right to a Paper Copy of this Notice

You have the right to a paper copy of this Notice. You may ask us to give you a paper copy of the Notice at any time (even if you have agreed to receive the Notice electronically). To obtain a paper copy, ask the Privacy Official.

## G. Right to Receive Notification of a Security Breach

We are required by law to notify you if the privacy or security of your health information has been breached. The notification will occur by first class mail within sixty (60) days of the event. A breach occurs when there has been an unauthorized use or disclosure under HIPAA that compromises the privacy or security of your health information.

The breach notification will contain the following information: (1) a brief description of what happened, including the date of the breach and the date of the discovery of the breach; (2) the steps you should take to protect yourself from potential harm resulting from the breach; and (3) a brief description of what we are doing to investigate the breach, mitigate losses, and to protect against further breaches.

# VIII. Special Protections for HIV, Alcohol and Substance Abuse, Mental Health and Genetic Information

Certain federal and state laws may require special privacy protections that restrict the use and disclosure of certain health information, including HIV-related information, alcohol and substance abuse information, mental health information, and genetic information. For example, a health plan is not permitted to use or disclose genetic information for underwriting purposes. Some parts of this HIPAA Notice of Privacy Practices may not apply to these types of information. If your treatment involves this information, you may contact our office for more information about these protections.

## IX. Our Right to Change Our Privacy Practices and This Notice

We reserve the right to change the terms of this Notice at any time. Any change will apply to the health information we have about you or create or receive in the future. We will promptly revise the Notice when there is a material change to the uses or disclosures, individual's rights, our legal duties, or other privacy practices discussed in this Notice.
